I understand that I am responsible for payment of services rendered by La Prada Family Dentistry, and also responsible for paying any copayment and deductible that my insurance does not cover. I hereby authorize the La Prada Family Dentistry to release all information necessary to secure the payment of benefits. I authorize the use of this signature on all my insurance submissions, whether manual or electronic.

I affirm that the information I have given is correct to the best of my knowledge. All information herein will be held in the strictest confidence and it is my responsibility to inform La Prada Family Dentistry of any changes in my medical status. I truthfully revealed all aspects of my/my child's health history and I realize that failure to have done so may have negative consequences for my/my child's health and the success of my/my child's treatment.

I agree to cooperate fully with the recommendations of the Dentist and Dental Hygienist and I realize that failure to do so may result in less than optimum results and compromise the life span of my/my child's treatment. I also agree to follow the recommendations for home care and the schedule for future tooth cleaning and check-ups. I realize that failure to do my part in the maintenance of my/my child's oral health will compromise the success of any dental treatment received.

I hereby authorize La Prada Family Dentistry and staff to take radiographs, study models, intraoral photographs, or any other diagnostic tools, all deemed appropriate by dentist to make a thorough diagnosis of the patient's dental needs. I also authorize the dentist to perform any and all forms of treatment including cleaning, fluoride and sealants (back teeth have grooves and pits in which decay usually start. An assistant will "seal" the grooves with a plastic coating to help prevent the decay from starting. No anesthetic is needed. Good oral hygiene and avoidance of sticky and hard food/candles are important to maintain sealants). **And further authorize and consent that the dentist choose and employ such assistance as she deemed fit**. I understand that antibiotics, local anesthesia ("shots") and all other medications given to the patient before, during and after treatment, can cause allergic reactions causing redness and swelling of tissue, pain, itching, vomiting, and/or anaphylactic shock (severe allergic reaction). Administration of local anesthesia ("shots") may cause nerve damage (paresthesia) that can last for days, months or indefinitely. Women of childbearing age need to know antibiotics may make birth control medications ineffective and need to rely on other methods of birth control to prevent pregnancy.

I understand and acknowledge that I may choose not to be treated by the dentist. The dentist has explained to me the reasonably foreseeable risks associated with not treating my condition. Alternative treatment plans with their foreseeable associated risks and benefits have been adequately presented to me.
